EDUCATION

BS in Computer Engineering

Rizal Technological University

2018 - 2023

Technical Vocational in ICT

Senior High School

Polytechnic University of the Philippines

2016-2018

Junior High School

Carlos L. Albert High School

2012 - 2016

SKILLS

- Programming languages
- Communication
- Analytical Thinking
- Troubleshooting
- Attention to detail
- Hardware knowledge

EXPERIENCES:

2018 - 2020 Internet Cafe Service Technician

2 years

Working as a technician in a computer shop provides hands-on experience in technology. It involves diagnosing and resolving hardware and software issues, interacting with customers, and developing technical skills. The role enhances problem-solving abilities and customer service skills, creating a solid foundation for a career in the technology industry.

2020 - 2022 Payment Associate | ZimiTech Inc.

2 years

I find my experience in this field extremely valuable because it has taught me important skills. It has helped me learn how to communicate effectively, even when facing language barriers with my co-workers. It has also taught me the importance of patience and has allowed me to develop strong cooperation and time-management abilities.

RECENT PROJECT

Smart Aquarium: A collaboration of IoT(Internet of Things) and Aquarium

May 2023

The aquarium can be monitored and controlled through a mobile application, utilizing sensors for data collection. Additionally, it incorporates its own filtration system.
